Mark Jones

Chair & Board Director profile

Chair · Board Director · Strategic Advisor · Senior Executive Leader

CHALLENGE

A long UK and international executive career across leisure, hospitality, visitor attractions and technology required a Chair / NED narrative distinct from a full operating CV.

ASSESSMENT

Chairmanship, enterprise transformation, P&L leadership and multi-site governance were strong; the market needed a concise Board Director profile alongside executive materials.

APPROACH

Produced Chair and Board Director positioning with a standalone Board Director profile: governance themes, enterprise value creation, transformation evidence and advisory readiness — written for Board and Advisory Board conversations.

OUTCOME

Deliverables: Executive positioning materials and a standalone Board Director profile. Placement or appointment results are not invented for this site.

This document describes positioning deliverables produced by VisionSpark Advisors (Joel Facco). It does not claim interviews, placements, Board appointments or employment outcomes. Career advisory remains separate from recruitment consideration.
